Entrance Level

General description

At ECR 2024, Bracco is launching our new CT Expres Evo® injector with NEXO® Contrast Management System. With CT Expres Evo and NEXO, get all the performance you want and need from a CT injector in a small package that enables flexibility and ease of use while optimizing the patient experience. The Bracco integrated CT imaging solution includes contrast media, medical devices and informatics. Stop by the Bracco booth to learn more about our commitment to imaging.
